## DEPARTMENT OF CIVIL ENGINEERING

Civil Engineering Department was incepted in 2010. Since its establishment, it has grown exponentially and today, it offers BE, ME (Structural, Transportation & Geotechnical Engineering) and PhD programs affiliated to GTU and Marwadi University.

Civil Engineering Department is one of the most active departments of MEFGI. The department has excellent laboratories accredited with NABL and offer research and consultancy services. The department is also a member of the Hydrological Data Usage Group of the Govt. of Gujarat.

## OBJECTIVES OF THE PROGRAM

Every structure is resting on soil! There are many challenges involved wherein engineers have no choice but to go for construction in problematic soils. The broad objectives of this workshop are :

- Provide state-of-art knowledge in the field of Geosynthetics & Ground improvement technique
- Give insight to the design application of Geosynthetics
- Insight to other Ground improvement techniques like grouting and stone columns
- Demonstration of the techniques through case-studies.

## PROGRAM DETAILS

Eminent speakers from reputed institutes and industries will share their expertise on the following themes:

- Ground Improvement Techniques
- Reinforced Earth wall
- Geosynthetic applications
- Case-studies
